WILL PIERCE DIVIDE.

Newman Erb and Associates Forming Company For Project.

DENVER, Colo., Aug. 22.—A tunnel costing \$3,500,000 and passing through the continental divide west of Denver, is the main feature in a deal which will be closed soon between Newman Erb and James A. Mellrose and associates of Denver, leading to the incorporation of a company for that work.

Erb will take over the control of the Denver, Northwestern and Pacific on whose line the tunnel will be. The construction of this piece of work will be preliminary to the extension of the so-called "Mittat road" to Salt Lake City, the site of the tunnel being just west of Topeka.

The tunnel company, which will be separate from the railroad company although with mutual interests, will equip the tunnel and gain revenue by charging twenty-five cents for each passenger and for each ton of freight and fifty cents a ton for express matter carried through it.

The agreement will extend over five years, when the railroad company will purchase the tunnel at a cost of \$1,000,000 in excess of the cost or \$4,500,000.

DRY FARM SAMPLES.

Wheat Over Four and Half Feet High From Idaho.

A. N. Day of Castle Dale, who has been visiting with his son, A. N. Day, Jr., at the latter's dry farm at Paruam, Ida., last week visited the offices of the Deseret News at Zion with a collection of grains gathered on the farm. The collection included specimens of Gold Coin, Winter Fife and Turkey Red wheat, and some oats.

The Winter Fife wheat, which was planted last fall, and which was pulled two weeks ago, measured four and a half feet in length, and the other varieties, planted this spring, ranged from three and a half to four feet.

The oats, which was also planted this year, was four feet long.

None of the grain except the Winter Fife wheat, was ready for harvest when pulled, and the samples are consequently considerably shorter than the matured plant.

Day said that the samples were taken from a field of a hundred and sixty acres of grain of similar length which had had no other water during the entire season than the precipitations.

MANY NEW COTTAGES FOR THE NEW CAMP OF STORES.

PROVO, Aug. 23.—E. J. Allen has prepared plans for miners' cottages to be erected at Storrs, the new town in Hynd Canyon near Helper, where the Knight Coal company is opening up its coal mines. The cottages will be built of rock and will have four rooms with bath and other modern conveniences. Bids are now being received for their construction and thirty or forty of them will be completed for occupancy this fall. A large six-room office building is in course of construction at the junction of the coal road with the main line of the Denver and Rio Grande a mile north of Helper, and work on the coal road and on opening the coal mines is progressing as rapidly as possible. Everything is expected to be in readiness for putting coal on the market this fall.

INDIVIDUALS ARE ASKED TO DONATE OF ASPHALT.

In order to ascertain whether Utah rock asphalt can be successfully used for resurfacing streets the city commissioners at Salt Lake City have passed a motion asking the Utah Rock Asphalt association to donate to the city three hundred tons of rock asphalt for experimental purposes. No mention of the fact that the city itself owns two deposits of asphalt at Thibault is made, the commissioners preferring to make the test with privately owned deposits rather than with that of the city. The city beds were purchased some years ago at a cost of approximately six thousand dollars for the direct purpose of doing repair work. Nothing, however, has ever been done with the material.

REMARKABLE CURE OF DYSENTERY.

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes B. W. Hill of Snow Hill, N. C. For sale by all dealers.

Registration dates are August 31st and October 8th, 9th, 15th, 22nd and 30th. Everyone expecting to cast a vote at the November election must register, whether his or her name was previously on the registration books.

But one more date this month for registration, August 31st.

Take your broken furniture to Goodman's repair shop.

UNIVERSITY OF UTAH

SHOCKING SOUNDS.

In the earth are sometimes heard before a terrible earthquake that warn of the coming peril. Nature's warnings are kind. That dull pain or ache in the back warns you the kidneys need attention if you would escape those dangerous maladies, Dropsy, diabetes or Bright's disease. Take Electric Bitters at once and see backache fly and all your best feelings return. "My son received great benefit from their use for kidney and bladder trouble," writes Peter Brady, South Rockwood, Mich. "It certainly is a great kidney medicine." Try it; 50 cents at all dealers.

NOTICE—UNITED STATES LAND Office, Salt Lake City, Utah, July 23, 1912.—To whom it may concern: Notice is hereby given that the state of Utah has filed in this office lists of lands, selected by the said state, under Sec. 6 of the act of congress, approved July 16, 1894, as indemnity school lands, viz: NW 1/4 Sec. 20, Twp. 14 South, Range 10 East, S. L. M., Serial 610653. Copies of said lists, so far as they relate to said tracts by descriptive subdivisions, have been conspicuously posted in this office for inspection by any person interested and by the public generally. During the period of publication of this notice, or any time thereafter, and before final approval and certification, under departmental regulations of April 25, 1907, protests or contests against the claim of the state to any of the tracts or subdivisions heretofore described, on the ground that the same is more valuable for mineral than for agricultural purposes, will be received and noted for report to the general land office at Washington, D. C. Failure so to protest or contest, within the time specified, will be considered sufficient evidence of the non-mineral character of the tracts and the selections thereof, being otherwise free from objection, will be approved to the state. E. D. R. THOMPSON, Register.

NOTICE TO WATER USERS.

State Engineer's Office, Salt Lake City, Utah, July 22, 1912. Notice is hereby given that A. M. Southworth, whose postoffice address is American Fork, Utah, has made application in accordance with the requirements of the Compiled Laws of Utah, 1907, as amended by the Session Laws of Utah, 1909 and 1911, to appropriate nine (9) cubic feet of water per second from Price river, Carbon county, Utah. Said water will be diverted at a point which lies 1864.5 feet east and 628 feet south of the northwest corner of Sec. 12, Twp. 13 South, Range 9 East, Salt Lake base and meridian, from where it will be conveyed by means of a canal for a distance of 51,800 feet and there used during the period from May 1st to September 15th, inclusive, of each year, to irrigate 720 acres of land embraced in Sections 5, 6, 7 and 8, Twp. 14 South, Range 10 East, Salt Lake base and meridian. As much of said water as may be necessary will be used during the entire year for domestic purposes. This application is designated in the state engineer's office as No. 4439. All protests against the granting of said application, stating the reasons therefor, must be made by affidavit in duplicate and filed in this office within thirty (30) days after the completion of the publication of this notice. CALEB TANNER, State Engineer.

Date of first publication August 4, 1912, date of completion of publication August 21, 1912.

Registration dates are August 31st and October 8th, 9th, 15th, 22nd and 30th. Everyone expecting to cast a vote at the November election must register, whether his or her name was previously on the registration books.

But one more date this month for registration, August 31st.
